

NEW PROSPECTUS OF THE Boston Notion, THE FOLIO AND QUARTO EDITIONS. Important Improvements Proposed.

ON the ninth day of October will be published the first number of a new volume of the Boston Notion, which will at a time be considerably enlarged, and in every respect improved. It will thereafter be printed with new type of the most modern cut and beautiful finish, on paper of as fine a quality as is used in any newspaper establishment in this country, and by a press manufactured expressly for the purpose, at the celebrated foundry of R. Hoe & Co., New York, in which will be embraced all the most recent improvement in that machine, enabling the printer to give perfect impressions and an undeviating register.

THE BOSTON NOTION is a weekly gazette of original and selected literature and intelligence. It embraces Tales, Poems, Essays, Reviews of New Works, Biographical, Historical and General Sketches, Anecdotes, &c., selected from the widest range of British and American current and periodical literature. There is no literary periodical in the English language worthy of regard, which the editors do not receive, and select from as frequently as the character of the articles indicates to be proper.

THE ORIGINAL DEPARTMENT of the Boston Notion, besides the contributions of the editor, will, as heretofore, embrace from time to time contributions from Professor Longfellow, author of Hyperion, "Voices of the Night," &c.; Rev. John Pierpont, author of "Airs of Palestine," &c.; Henry William Herbert, Esq., author of "Crownwell," "The Brothers," &c.; William Gilmore Simms, Esq., author of "Guy Rivers," "Southern Passages and Pictures," &c.; Hon. Caleb Cushing, M. C., author of "Reminiscences of Spain," &c.; Henry T. Tuckerman, Esq., author of "The Italian Sketch Book," &c.; and many more of the most distinguished authors now living. No weekly gazette, and but few monthly or quarterly periodicals, have ever possessed a list of more distinguished or able contributors than the Boston Notion. Those above mentioned have each been for many months among its writers. A new feature of the next volume will be the publication of a new romance, written expressly for it, by HENRY WILLIAM HERBERT, Esq., entitled

THE MAID'S REVENGE. Critics who have examined the MS. of this work, think it the masterpiece of its author. By the first critical journals of Great Britain, Mr. HERBERT is pronounced equal to any historical novelist except Sir Walter Scott, who has written in the English language. The purchase of original works of this description marks an era in the history of newspaper publication in America. The next volume of the Notion will also contain a

NEW NOVEL BY BULWER. The first romance writer of the age. The splendid productions of this great author have hitherto been almost inaccessible to those who reside in small towns and in the country. In this paper they will obtain his works, for about one tenth of the price demanded for them by the booksellers. Another feature of the Notion will be the publication of

ORIGINAL DISCOURSES by the most eminent divines. Among those who have hitherto contributed to this department of the Notion, may be mentioned Rev. JOHN PIERPONT, Rev. S. K. LOTHROP, Rev. E. H. CHAPIN, and others. The most important new romances published in England will be re-published in the Notion immediately after their reception in this country. Heretofore the works of DICKENS, MARRYAT, COXTON and ANSWORTH, printed in this gazette, would have cost four times as much as the entire subscription of the paper, if purchased separately at the book stores. The Boston Notion will continue to be as rich in this department as in previous years.

COSTLY WOOD ENGRAVINGS, imported from Europe, or designed by JOHNSON and other eminent artists, expressly for the work, will continue to illustrate and embellish its pages. As a gazette of literary, dramatic, commercial, political and general

INTELLIGENCE, the Notion will be inferior to no periodical now or ever published in America. The folio edition, after the ninth day of October, will contain four pages of ten columns each. **THE QUARTO EDITION,** of which the first number will be published on the 9th of October, will be sold on the same terms as the folio edition. It will be printed on a very large sheet, of the finest quality, and each number will embrace sixteen pages, of five columns each. The quarto edition will contain every article which appears in the folio edition, for the same price, and at the end of each year from its commencement will constitute a splendid quarto volume of forty numbers and thirty-two pages, with an index and an elegant title page. Certainly so large a work, embracing an equal amount and variety of matter, of so great excellence, was never yet issued for so small a price as THREE DOLLARS. The Quarto will not embrace the novels now in course of publication in the Folio, but will contain all the new works before alluded to.

CONDITIONS. The Price of the Folio Edition will remain as now. Subscribers to that edition will not be allowed to transfer their subscriptions to the new form, as such a course would be productive of much confusion and inconvenience in the publishing department. Indeed, as the Stories now being printed in the folio edition, Old Sir Paul's and George St. George Julian, will not be continued in this Quarto, it is presumed that but few will wish to change from one to the other; though it is expected that many will obtain both editions. Those who intend to subscribe for the Quarto are requested to send in their names before the first of October, as it is intended to limit the edition to the probable extent of the demand.

Price of Folio and Quarto Editions: One copy, a year, Three Dollars; Two copies, Five Dollars; Four copies, Ten Dollars; Six copies, Fifteen Dollars; Nine copies, Twenty Dollars. All remittances must be post-paid or free, and the invariable rule of the office is to discontinue every subscription at the expiration of the time paid for, unless previously renewed by a further remittance in advance. No subscription received without advance payment.

GEORGE ROBERTS, Publisher and Proprietor. Boston, September, 1841.

ROBERTS' SEMI-MONTHLY MAGAZINE,

Each number containing 48 large Octavo Pages, at \$2.00 per annum, or \$1.50 when Ten Copies go to one address. Postage on the same, only 24 cents a number. The Cheapest Magazine ever Published. On and after the 15th of October, the Semi Monthly Magazine will be printed on only one sheet of extraordinary size, large enough to contain 48 pages, the same number of pages now given. This will insure a great saving to our subscribers in the way of postage, which will then be on each number only 24 cents, on the State of Massachusetts, and 14 cents within the State. The result of this most necessary addition a large number to its list of subscribers. The Semi Monthly Magazine, for each month, hereafter, will contain Forty-Eight Pages of the size now given, printed on paper of the finest quality, and type of the most beautiful style and finish. Its contents, will be of a better description than hitherto, as the publisher has now increased facilities for obtaining every new work that appears in Great Britain, through a careful agent, residing expressly for that purpose in London, and has many an engagement with distin-

guished writers, for original contributions to its pages. As heretofore, it will contain the best articles of the Boston Notion, embracing the choicest Tales, Romances and Poetry, published in all the American and foreign periodicals, together with many valuable reviews and elaborate original articles, of a literary, political and scientific character. It will also contain frequently entire novels and plays, for rent, and many valuable literary items of English Books, in advance of any other reprint in this country. The articles generally, will be from the pens of the most eminent writers of Europe and America, such as Bulwer, Knowles, James, Dickens, Cockton, Sergeant Talford, Moore, Marryat, Warren, T. K. Horvey, B. Simmonds, Herbert, Simms, Inman, Irving, Cooper, Bryant, Halleck, Longfellow, Fay, Whittier, Tuckerman, McLellan, Holmes, Hoffman, Dewey, Channing, Neal, Ingraham, Mellen, Fields, Woodworth, Pierpont, Bancroft, Mrs. Norton, Mrs. Gury, Mrs. Sigourney, Miss Martineau, Miss Gould, Miss Sedgewick, Miss Leslie, &c. &c. All the best articles which may appear in "Blackwood," "Fraser," "Tait," Colburn's New Monthly, "Metropolitan," and "Dublin University" Magazines; also, the most interesting papers of the "Southern Literary Messenger," the "Knickerbocker," the "Ladies Companion," the "Lady's Book," "The Dial," and other American magazines, will be found in its pages. Therefore, as specimens of the literature of the day, in a convenient form for preservation, it will be found highly valuable to all who desire to keep up with the current, without incurring too much expense. Of the English periodicals mentioned, a very large portion of the contents are useless and uninteresting, and it will be the object of the editor of the Semi-Monthly Magazine, to "winnow the wheat and throw the chaff away." The work will occasionally be embellished with a fine engraving. **THE NEW NOVELS OF HERBERT AND BULWER,** to be published in the Boston Notion, will also appear in the Semi-Monthly Magazine.

From what we have said above it will at once be perceived that the Semi-Monthly Magazine will be decidedly the cheapest periodical in the world. For two dollars it will contain three times as much matter as any of the one dollar periodicals, and as much, and of as excellent a quality, as any of the five dollar magazines in the country. We look for a subscription list, during the present year, of from twenty to twenty-five thousand names, confident that the excellence of the work and its unparalleled cheapness will secure for it a circulation in nearly every town and village in the United States.

TERMS. City Subscribers can have the Magazine left at their houses, on every morning of its publication. It will be for sale by all the agents of the Boston Notion, at eight cents per single copy. Postmasters are authorized to act as agents. All subscriptions to be paid for in advance—and no subscriptions received for less than one year. Specimen Copies promptly forwarded, when requested. All orders must be addressed to

PROSPECTUS OF THE YOUNG PEOPLE'S BOOK OR MAGAZINE OF USEFUL AND ENTERTAINING KNOWLEDGE.

There are many periodical publications, yet none more wanted. The friends of Education—the advocates of the diffusion of Useful Knowledge—have long desired to see the commencement of a MONTHLY MAGAZINE Devoted to the Instruction and Entertainment of Young Persons of Both Sexes; CONDUCTED WITH A VIEW TO THEIR IMPROVEMENT, IN LITERATURE, SCIENCE, AND THE CONDUCT OF LIFE, written, not in the common language which is addressed to very young children, but with such attention to the style as shall render it worthy the notice of those who are acquiring the art of Composition or forming their literary taste; and filled with such various original and valuable matter as shall render the volumes when bound up, worthy a place in the Family or School Library.

It is the purpose of the proprietor of THE YOUNG PEOPLE'S BOOK to furnish such a Magazine. He has provided ample means for the accomplishment of his object; and he pledges himself to the friends of liberal and judicious education throughout the United States that he will produce a work which shall be in every respect worthy of their attention and patronage.

There is a period in the progress from early childhood to maturity, and that by no means a short one, during which the expanding minds of the young are seeking in every direction for Useful Knowledge, as well as Intellectual Entertainment. Every book, paper or pamphlet which promises either, is eagerly read, and every circle in society of a literary or scientific cast is earnestly sought. During this period the young person is not satisfied with that kind of instruction which is given to mere children. Something more elevated—something nearer the studies and pursuits of active life is required. A friend always at hand who could point out the proper studies to be pursued, the true methods of development in Literature and Science, the best course of Reading, the surest process of Investigation, the most recent authorities in Experimental, and the most learned in Historical research—a friend who could relieve the dryness of abstract truth by a familiar anecdote, narrative or illustration—who could scatter a few roses of literature in the rugged paths of severe science, would indeed be invaluable.

Such a friend not only youth in a thousand, of either sex, can have. There is no tolerable substitute to be found in any book—we might say in any library. It is proposed in some measure to supply the want of such a friend in the YOUNG PEOPLE'S BOOK.

One of the leading objects of the work will be to point out and illustrate by practical examples the Proper method of Self-Instruction in the various departments of Literature and Art, to suggest appropriate departments of study and inquiry, to prescribe courses of reading, and to indicate the progress which may be made in the Science, so far as the limits of the work will allow. The forms into which the different branches of instruction and entertainment will be thrown, will be regulated by the particular object in view at the time, and the class of readers always addressed. Essays, Narratives, Anecdotes, Tales, Historical Reminiscences and Sketches, Critiques, Natural History, Antiquities

Travels, Biographical Notes and Poems. Will all in turn become the vehicles of intellectual development and entertainment. The aid of the Arts of Painting and Engraving will be invoked, and every subject susceptible of graphic illustration will be accompanied by WELL EXECUTED PICTURES.

Arrangements have been made for receiving, and the publisher is now in the actual receipt of periodical publications of a similar design with that of THE YOUNG PEOPLE'S BOOK, from France, Germany and other parts of the continent of Europe. From these publications, and from the choicest parts of foreign educational literature in its various departments, translations will be made of such articles as will serve to promote the improvement of the work, the instructions and entertainment of American youth. The preservation, however, of

A TRULY NATIONAL SPIRIT. The inculcation of the duties which every American youth owes to his country, and the exhibition of the capabilities of our EARLY HISTORY, OUR TRADITIONS, OUR CUSTOMS AND SCENERY

For supplying all the materials of a copious and brilliant literature, will be constant objects of attention, and will form frequent topics of discussion, example and illustration. In order to ensure the competent execution of each department of the work, the aid of experienced writers, already favorably known to the public, has been secured, and the editorial care of the whole is committed to

JOHN FOSTER, A. M., Professor of Belles Lettres of the High School of Philadelphia, whose reputation as a practical teacher, and writer in the department of literature and political literature, will form a sufficient guarantee, not only for the elegant and tasteful execution of the work, so far as language, style, and embellishment are concerned, but for its elevated moral and intellectual character, and for its invariable direction towards the improvement of its youthful readers in science, literature and the conduct of life.

THE YOUNG PEOPLE'S BOOK Will be published in Monthly Numbers, each to contain 36 pages embellished with

NUMEROUS ENGRAVINGS. And neatly done up in an Ornamental Cover. It will be printed on white paper of the first quality, from a new and elegant type, cast expressly for it. The form will be such as to make the volumes, when completed, a handsome addition to the shelves of the library. The first number was issued on the first day of September, 1841.

It will strenuously advocate the Protection of American Industry against the grasping and to us blighting policy of European Governments, and the unequal competition which they force upon us, as also against the present depressing system of State Prison Labor; it will advocate the restoration of a sound and uniform NATIONAL CURRENCY; and urge a disinterested, in stern hostility to the errors of superficial theorists, the influences of unjust or imperfect legislation, and the schemes and sophistries of self-seeking demagogues.
